SUMMARY

I am a data analysis enthusiast with an educational background in Informatics Engineering and certification in Data Analytics and currently studying machine learning. Proficiency in data processing, visualization, and analysis using Python, Tableau, and Excel. Good problem-solving and critical thinking skills, committed to providing accurate data insights to support company decision-making, and highly motivated to continue learning and developing in the field of data analysis.

EDUCATION

Telkom University

2024 – Present

Master Degree of Informatics Engineering

Relevant Coursework: Data Analysis, Machine Learning, Artificial Intelligence, Natural Language Processing

- Current GPA: 3.21/4.0

Dibimbing.ID

2024

AI Machine Learning Engineer

- Relevant Coursework: Feature Engineering, Machine Learning, Ensemble Learning, and Deep Learning
- Technical Skill: Python, Docker

Computer University of Indonesia

2017 - 2022

Bachelor Degree of Informatics Engineering

Relevant Coursework: Software Engineering, Algorithms, Artificial Intelligence

- GPA: 3.07/4.0
- Created an application based on android for running as a project for bachelor's thesis

WORK EXPERIENCES

PT Pertamina Persero

2022 – 2023
