SUMMARY

I am a data scientist enthusiast with an educational background in Informatics Engineering and certification in Data Analytics and currently studying Machine Learning. Proficiency in data processing, visualization, and data analysis using Python, Machine Learning and Tableau. Good problem-solving and critical thinking skills, committed to providing accurate data insights to support company decision-making, and highly motivated to continue learning and developing in the field of data science.

EDUCATION

Telkom University 2024 – Present

Master Degree of Informatics Engineering

Relevant Coursework: Data Analysis, Machine Learning, Artificial Intelligence, Natural Language Processing

- Current GPA: 3.21/4.0

Dibimbing.ID 2024

AI Machine Learning Engineer

- Relevant Coursework: Feature Engineering, Machine Learning, Ensemble Learning, and Deep Learning
- Technical Skill: Python, Docker

Computer University of Indonesia 2017 - 2022

Bachelor Degree of Informatics Engineering

Relevant Coursework: Software Engineering, Artificial Intelligence, Mobile Programming, Web Programming

- GPA: 3.07/4.0
- Created an application based on android for running as a project using Kotlin, Firebase and Google Maps API for bachelor's thesis

WORK EXPERIENCES

PT Pertamina Persero 2022 – 2023

Internship

- Automate the management of ticket request data from the website using UiPath and send the analysis via email to the relevant department.
- Developing a website application for asset management for internal functions using CodeIgniter, MySQL, JavaScript, and HTML.

CERTIFICATION

Big Data using Python 2021

Online Course – Kominfo

Relevant Coursework: Data Processing, Data Visualization, Python

Google Data Analytics 2024

Online Course – Kominfo

Relevant Coursework: Data Processing, Data Visualization, Python, R, Tableau

Intermediate Data Science 2025

Online Course – Kominfo

Relevant Coursework: Data Processing, Data Visualization, Python, Machine Learning

English Proficiency Test (EPRT) 2025

Telkom University

Score: 513

SKILLS

Language:

- English – Intermediate
- Indonesian – Native

Hard Skill: Data Cleaning, Data Analysis, Data Visualization, Machine Learning, Python, MySQL and Tableau

Soft Skill: Communication, Problem Solving, Analytical Thinking and Teamwork
